# LIVOLTEK

Renewable energy product family

# 5015kWh Container System

LIVOLTEK

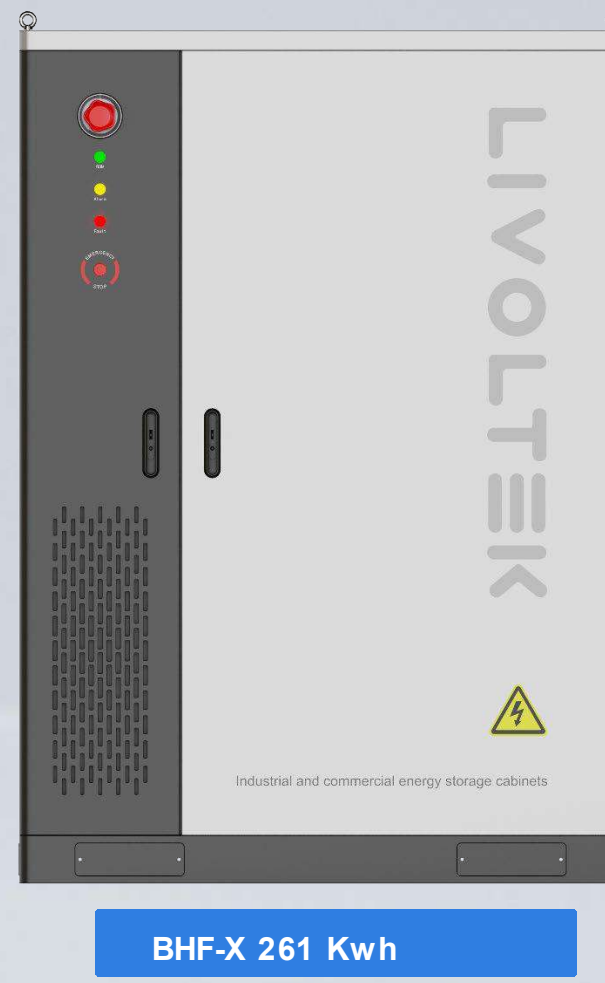

## Safe and Reliable

- Ensures system safety by proactively monitoring the status of cells, electrical components, and structure.
- Multi-level electrical protection and fire suppression design.
- cooling ensures higher efficiency  
an intelligent liquid cooling ensures higher efficiency and extends battery life cycle.
- Pre-assembled, no battery module handling on site, transportation of complete system

5015kWh

20 ft Container

# Hybrid inverters

LIVOLTEK

Single Phase  
HP1 3~6kW

Single Phase  
Retro 3~6kW

iPower (AC Couple)  
AES 3K~5K (all in one )

iPower (all in one)  
HES 3~6kW

Three Phase  
HP3-5~30kW-D1

Three Phase  
HP3-5~12kW-D2

Three Phase  
HP3-15~30kW-D2

# Smart Distribution Equipment

# Smart grid – Smart meter

Residential meter, C&I meter, Grid meter, Comply with IEC and ANSI Standard

## Smart Meter Paving Smart Grid

LIVOLTEK

# BESS- 125kW/261 KWH

PCS-125K+BHF-X261D
